**Commissioner for Patents**

On 21 May 2003, Applicants submitted an Information Disclosure Statement that was considered by the Examiner, initialed, and entered into the official record by the Examiner on 4 February 2005. However, the Examiner mistakenly failed to initial the European patent document submitted on the IDS. Attached is a copy of the 21 May 2003 Information Disclosure Statement that is properly initialed and entered into the official record. No action is required of Applicants.

The Examiner has fully considered the references on the 21 May 2003 Information Disclosure Statement and maintains the position set forth in the 18 October 2007 Examiner's Answer.
